

## Red Cross Drive Still Far Short Of Quota Mark

Workers Intensify Efforts  
As Campaign Ends  
On Saturday

With the American Red Cross this year asking for sufficient resources to expand and intensify every service in its program, the drive which ends Saturday is very likely to fall short of expectations unless last-minute local action is shown, John Ciardella, Truckee chairman, said this week.

The drive in this area is expected to raise nearly \$1000. There is still half of this sum to be raised as workers intensify their efforts. Ciardella said, in urging the unsolicited people to turn in their contributions before Saturday.

Of particular interest to local residents is the home service department from which nearly all the local share from the drive is expended. Cases helped are not generally publicized, Mrs. Fosten Wilson, home service chairman, said, but the work goes on almost constantly.

In a further appeal for funds to carry on the work of the Red Cross in this area, Mrs. Wilson called attention to the fact that last summer nearly \$200 was spent to provide swimming lessons to local children.

Two paid instructors formed the only expense, she said, the pool, transportation, chaperones and other items being volunteered.

Assisting Ciardella in the drive this year are Mesdames Laura Gaiennie, H. S. Eaton, W. A. Loynd, Ed Crandall, Earl Brown, J. Wilson, Al Pfander, John Rabin, all in Truckee; William Rutherford, Mrs. Otto Frederick and Frances Couillard, all of Donner Summit; Mrs. Harold Fabst of Boca and F. H. Carroll of Hobart Mills.

## TAHOE CHAMBER NAMES MANAGER; STARTS IN APRIL

TAHOE VISTA— Frank H. Ross of Fairfield has been appointed manager of the Lake Tahoe Chamber of Commerce.

At a board of directors meeting on March 22, Ross was selected to become manager of the Tahoe chamber. He is at present manager of the Fairfield chamber. He appeared at the meeting with four other candidates.

The new manager will assume his duties in the first week of April, with much interest and activity along chamber of commerce lines indicated.

Mr. and Mrs. Ross will become residents of Lake Tahoe and will make their first public appearance at the Lake Tahoe Chamber of Commerce dinner at Cal-Vada on April 14.

## Fair Local Agent for Mall Chain Saw Line

Wes Fair, operating as Truckee Chain Saw Company, announced this week that he has secured the agency for Mall Chain Saws and parts in the eastern Sierra region. The line includes all types of power saws from small limbers to two-man tree fellers.

Fair said he will have an announcement ad in next week's Sierra Sun.

## Easter Bonnet Preview Features Sisters Session

A preview of Easter bonnets was staged at the party of the Pythian Sisters given last Thursday night.

Members paraded, wearing their self creations of spring while Helen Archer and Honore Hedlund acted as judges of the event. The Easter motif was used for the refreshment table appointments. Mrs. Ruth Hesse and her co-hostesses for the evening, Pearl Heller and Mary Walters, were given a vote of thanks for planning the enjoyable affair.

## Dolley Party Reports From New Orleans

Constable N. F. Dolley telephoned from New Orleans Tuesday night to inform friends that he and Mrs. Dolley, their son Tom and Sharon Pace are enjoying their vacation trip and expect to be home by April 1 with Dolley's new Buick sedan.

## Stores Closed For Last Rite Of G. Andrich

Loyalton I.O.O.F. Lodge  
Here to Conduct  
Services

Funeral services were held on Monday afternoon at the Truckee Colonial Mortuary for George Andrich, 66, well known Truckee restaurant operator who died at Nevada City Thursday afternoon following a long illness.

Interment was in the Truckee cemetery and officers of the Loyalton Odd Fellows Lodge, at the invitation of the local lodge, conducted the rites. They were Wilbur Hartwell, Rev. George Snyder, Clyde Spradling, Ray Hartwell, J. A. Driggers and Arthur Burkholder.

Mesdames Lucille Bick, Clair Ellert and N. S. McCrary sang as a trio, accompanied by Mrs. George Kamp. The pall bearers were Wayne Philippi, Jerry Zunino, Andrea Armati, Steve Cozzi, Charlie Cozzi and Victor Salva-terra.

Andrich was born in Austria February 14, 1885 and came to this country 43 years ago. He was employed at Hobart Mills as a waiter in 1910 when he joined the Odd Fellows Lodge.

He leaves a half brother and a nephew in Europe but has no known relatives in this country. His restaurant, George's Cafe, is continuing to be operated by Mr. and Mrs. Anton Mahne, the latter having been named administratrix of the estate.

The esteem in which he was held by fellow business men and neighbors was indicated by the fact that local stores closed during the time of the funeral Monday.

## SANITARY DISTRICT FINANCIAL REPORT IS MADE PUBLIC

The first financial report of the Truckee Sanitary District is being published in this week's Sierra Sun and will be followed at regular intervals by other reports so the taxpayers may be kept advised of the progress of the district. Secretary John McGlade said.

The current report reflects only income and expenditures up to March 1 this year, when McGlade was employed to take over the books. The figures were supplied by County Clerk Ralph Deebie and are rather incomplete, he indicated.

The board will meet again on April 3 at the office of Joe Matos for a further study of the figures and make plans for future activities. Everyone interested is invited to attend.

## Ammo To Be Supplied At Chicken Shoot Here

Ammunition will be furnished at the American Legion's chicken shoot on the indoor range at Veterans Memorial Hall Sunday, according to Commander H. L. Owens. Shooters will have a choice between .22 rifle or pistol, skill or luck targets, their own gun or one furnished by the sponsors. The shoot starts at 1 p.m. on April 1, Owens said.

## Leon Calkins Parents Of Girl on March 27

Mrs. Gwendolyn Hocker and her mother, Mrs. Elizabeth Baldrey of Montrose, Colo., returned from Concord. There they visited Mr. and Mrs. Leon Calkins and baby daughter, born March 27. They have named the baby Gwendolyn Louise and she weighed seven pounds at birth.

The infant is the first grandchild of Mrs. Hocker and Mrs. Baldrey's first great grandchild.

### FOOD SALE

Hazel Roberts, Eloise Marquis and Amelia Schumacher will be chairmen of the pastry food sale to be held at the Truckee Pythian Sisters Saturday at 10 a.m.

## Curran Elected New President Of Rotary Club

William Curran of the U. S. Forest Service was elected new president and Clarence Tollefson was again chosen secretary for Truckee Rotary Club for 1951-52 on Monday night. The new board of directors will be Curran, Tollefson, J. Richards, A. A. Carmichael and C. E. Osburn.

District Governor Walter K. Jansen of Lincoln and Soda Springs made his official visit to the club. He addressed members on the organization of Rotary International. Jansen was accompanied by his wife, and Mrs. M. F. Johansen, Greenwich, Conn.; Mrs. J. A. Sherritt and Milton Hogle of Soda Springs.

The club celebrated the birthdates of James Horak, A. A. Carmichael, John Ciardella, William Curran and Lee Nisbet.

Visiting Rotarians were Dr. H. E. Snell, J. R. Lester and "Short Circuit" Duanore of Loyalton, and Sheriff Wayne Brown of Grass Valley. Other guests included C. F. Harris, Auburn, and Alvah Hooper, Grass Valley.

## SPORTSMEN WILL NAME OFFICERS ON FRIDAY NIGHT

Election of officers will feature the meeting of the Truckee Outdoor Sportsmen to be held Friday night, March 30, at Capitol Hall. The meeting will start at 8 p.m. and immediately following the close of business, refreshments will be served.

Johnny Ciardella, who has served as president of the club during the past year, will preside at the session. All members are urged to attend as much important business relating to sports in this area is scheduled.

## MANY TURN OUT FOR EASTER EGG HERE ON SUNDAY

The Easter Egg hunt, sponsored Sunday by the 20-30 Club, was a very successful event. Most of the children of Truckee were on hand. Fred Steele and Carolyn Smisek in the group six years and under, and Johnnie Firpo and Marilyn Brown in the senior division were winners of the grand prizes. Each got a live rabbit.

The 20-30 Club had a Bosses' Night last night, with a good turnout of members' bosses. Program Chairman L. W. (Skipper) Ferdinand obtained Dr. Sterling Ballard of Hayward who spoke and showed slides on his travels in Baja (Lower) California.

The Truckee 20-30 Club is laying ground work for a 20-30 Club at Tahoe City.

## Thimble Club Session Planned for Tuesday

The Pythian Sisters Thimble Club will resume with a preliminary meeting at the home of Mrs. Ray Roberts Tuesday night at 8 o'clock. Mrs. Donald Sites will serve as co-hostess. Anyone interested in joining the club is invited to attend.

## Spring Fashion Show Planned by Wyethia

The spring fashion show and 12:30 luncheon which is being planned for Friday, April 20, in the Wyethia Women's Club is creating a great deal of interest and will be open only to members of the organization. Reservations may be made at the next meeting of the club to be held Friday, April 6.

## Guest of Relatives—

Mrs. Caroline Pickett of Carmel Highlands spent last week visiting her brother in law and sister, Mr. and Mrs. Frank A. Titus.

## Sun Beams

by Walter M. Barrett

The Red Cross drive ends Saturday and Truckee and the surrounding area still has quite a way to go to meet the local quota. The drive here got away to a slow start but during this past few days, with good solid groups of committeemen working hard, it has gained momentum and indications are that the quota will be met. It is not going to be met, however, unless we all pitch in and do our share. Benefits from the Red Cross need not be recounted here since they are obvious, but knowing these benefits and assisting in their accomplishment are two different stories. Contact a committeeman today and do your share.

About a third of the persons killed in traffic accidents in California are pedestrians, according to the California Highway Patrol. Motorists should be particularly watchful for the elderly pedestrian as well as children. The older person often cannot move fast enough and the children are impulsive. Be alert for the unexpected actions of both.

## PIONEER LUMBER FIRM'S CONTROL GOES TO CROSSES

TAHOE CITY— Of widespread interest is the sale of one of the oldest lumber firms in the Sierra mountain area, the Truckee-Tahoe Lumber Company, to Mr. and Mrs. Charles B. Cross of Tahoe City. The transaction, which was recently completed, includes both the Truckee and Tahoe City yards, where Cross has served for the past 11 years as general manager.

Officers and directors of the new organization, which will retain its present name, are Cross, president; Mrs. Cross, vice president; Robert Seibold, secretary, and Harold Stark, treasurer. Seibold, employed at the Truckee yard, and Stark at Tahoe, are stockholders in the new corporation, there now being no stockholders who are not actively employed by the firm.

Cross is a member of one of the oldest lumber families in California. He and his wife for some years past also have had lumber interests in Merced and Willits. They held more stock in the old Truckee-Tahoe Lumber Company than any other individual, the present transaction having been under consideration for some time while purchase of all outstanding stock was completed.

## Hard Luck Hits Twice For Truckee Family

Hard luck visited the View family Tuesday night when the father, George View, 39, was stricken with what appeared to be a heart attack and was taken to the hospital at Nevada City Wednesday morning by Truckee ambulance.

Tuesday night the oldest daughter of the family, Sally, 16, was rushed to a Reno hospital when she evidently was stricken with an attack of appendicitis.

## Local Basketballers Lose Close Contest

Truckee's American Legion basketball team was eliminated from the quarter-finals in the Andy Millich tournament at Lovelock last Saturday in a nip-and-tucker with Fallon's Capucci-Weaver. Fallon held a scant lead of one to three points all the way to edge the stubborn mountain men 38-36. Fallon held margins of 10-8 at the first, 22-21 at the half and 30-28 at the third.

## Woman Is Fined \$250 For Drunken Driving

Mrs. Lucindy Stokes, 40, Canby, Calif., paid a \$250 fine before Justice of the Peace Fosten Wilson Monday after being found guilty on a drunk driving charge. She was arrested Thursday night near Rainbow by the highway patrol.

## Student Speech Contest Slated By Lions Here

Three students of the Tahoe-Truckee High School will compete next Wednesday at the meeting of the Lions Club in their public speaking contest. They are Sheldon Jones, Darlene Frye and Toni Street.

The subject of the talks will be "American Voters' Responsibility."

The winner in the Lions Club sponsored contest next Wednesday will go to the zone contest at Grass Valley the following day, April 5, for participation.

Ted Barrett of Kings Beach and James Sherritt of Soda Springs were guests at last night's meeting of the club. Robert Gifford presided.

## CONTROL SET UP ON ROAD WORK NEAR FLORISTON

Scheduled control of traffic on U. S. Highway 40 at Floriston between 8 a.m. and 5 p.m. daily during repairs has been announced by T. T. Buell, superintendent of highways here.

A small section of the road just above Floriston was badly damaged by the flood last winter and crews started Monday to make the repair by filling the washed out gap below the road with earth from the hillside above it.

As near as possible, the traffic will be permitted through the work area every half hour on the half hour, Buell said. The project is expected to take at least a month.

## TAX SUPPORTED COUNTY C. OF C. TO BE DISCUSSED

Members from the Grass Valley Chamber of Commerce are expected to attend a dinner meeting of the Truckee chamber at the California Cafe tonight at 7:00 o'clock for further discussion relative to a county chamber of commerce to be financed through taxation.

At their last meeting the local directors decided to withhold final action pending a complete study of the proposal and a vote of the entire membership. Reginald E. Smart, chamber president, said he would appoint a committee to study the plan and meet with other chamber officials to outline a concrete draft of by-laws.

The employment and maintenance of a salaried secretary with offices presumably at Grass Valley or Nevada City is one of the proposals offered for local consideration.

## SCHOOL SKIERS FIELD DAYS SET FOR NEXT WEEK

James Brehler, ski instructor for the Tahoe-Truckee Unified School District, announced that a Ski Field Day will be held at Squaw Valley on two days next week.

On Tuesday the Tahoe Lake and Kings Beach schools will assemble for participation and on Thursday the Truckee elementary and Donner Trails skiers will compete.

Registrations will start at 9:45 a.m. both days and the races will begin at 10:30 and end at 1:30 p.m.

The events will wind up the ski activities in all schools for the season and parents and friends are invited to attend to watch the various events scheduled.

Brehler expressed the thanks of the schools and parents for the free use of the facilities at Granlibakken, Burroughs Resort, Soda Springs Ski, Crandall's Hill Top Lodge, Donner Ski Ranch and Squaw Valley. He also extended thanks to the volunteer assistants for their aid in coaching the young skiers.

### ANNOUNCEMENT

Mr. and Mrs. Fred Oetjen of Mountain View gave an announcement party during the Easter vacation for their daughter, Miss Irene Oetjen, and James Leamon of Truckee. A cake with the names of the engaged couple revealed the news to friends in the bay district town.

## Word Received From Brothers in Service

The two Rabin brothers, Jay and John, are making their mark in the armed services, according to word received here.

Jay is a member of the crew of the USS Philippine Sea, now in Korean waters and a press dispatch from there has the following to report: In more than 8,555 flights during the past six months, planes from this Navy floating airfield have flown over 4,535,000 miles in close support of United Nations troops in Korea.

Brother John, a private in the Army, is a student in the field wireman school operated by the Seventh Armored Division at Camp Roberts, according to information from that California base.

## District Deputy Visits Naomi Rebekah Lodge

Mrs. Gerty McClard, district deputy president, from Grass Valley made an official visit to Naomi Rebekah Lodge No. 2 in Odd Fellows hall Wednesday night. The deputy was accompanied by her marshal and 14 members of her staff, all of Grass Valley.

Alice McGee, noble grand, conducted the business session at which election of delegates to grand assembly took place. Lucille Bick and Alice McGee were chosen to represent the local lodge. Clever skits were presented by the visitors after the meeting and delicious refreshments were served by a general committee.

## Truckee Lumber Major Factor In Local Economy

40,000 To 50,000 Feet Cut  
Daily at Nearby Mill;  
Payroll Large

Resumption of work at the Truckee Lumber Company's plant just west of town and south of the Southern Pacific tracks, has again put into operation one of the area's largest and most substantial industries.

An inspection of the plant this week revealed many major improvements over the initial operation last summer. Not only has production been stepped up materially but many additional facilities have been installed and still others are contemplated.

The new drying kiln is nearing completion at a cost in excess of \$50,000. Negotiations were completed last week with the Southern Pacific Company to install a spur track into the mill site to facilitate shipping and as time goes on, the owner and manager, George Kaspian, plans erection of a planing mill and other additions to turn out finished lumber of all types.

Electrically Operated  
At present, the electrically operated mill is cutting between 40,000 and 50,000 feet of pine a day and this will be increased in the near future when a recut plant is installed, Kaspian said. A total of 12,000,000 feet will be cut this year.

All of the current production is being taken over immediately by the Stockton Box Company which maintains a crew in the yards here for handling and shipping the raw lumber.

The plant closed down during December but was reopened a month ago and the current payroll is approximately \$25,000 a month, a rather important item in this community.

Haul Starts April 15  
The stock pile of logs on hand last winter is swiftly diminishing and Kaspian said that he will start hauling more by April 15 to keep the mill in constant operation. The plant has turned out nearly a million feet since it opened a month ago and the recut will step this figure up over one third, it was estimated.

It takes a visit to the plant to realize the activity so near to town. The mill pond, which was enlarged this spring, is filled and the deck is stacked high with logs, but with 50,000 feet a day going through the saws, the pile recedes fast.

### Fast Production

The logs are taken from the pond on a set of chains and hoisted to the deck of the mill. There they are placed on a carriage and propelled through the circular saws upon which a stream of water is constantly played to keep them from overheating. As the rough boards drop from the saw, they are quickly placed on a series of conveyors which carry them at a high rate of speed through a set of trimmers, the waste being separated and conveyed to the incinerator, the finished boards returning to the ground where they are spilled and carted away and piled to await shipment.

The process of the logs from the pond to the lumber pile is accomplished with clock-like precision. There is no wasted effort or time in the progress with the electrically controlled conveyors, saws, carriage and other machinery working in harmony.

### Completely Local

Unlike many other logging operations in the area, the Truckee Lumber is a completely local concern, employing local men and putting the payroll into local channels. All power is supplied by the Truckee Public Utility District. Kaspian is a firm believer in a sustained program and selects his logs with this in mind and has offered assurance that the mill will be a permanent industry. No logs will be hauled until mid-April to permit roads to stand the weight and make operations profitable without damage.

Other lumbering concerns are getting timber from this area but are hauling over Highway 40 to Nevada where they maintain mills and payrolls.

## 20-30 Club Sponsoring Dance Here Saturday

The Truckee 20-30 Club will stage another dance at Hill Top Lodge on Saturday night, March 31. The same orchestra which played for their St. Patrick's Dance has been engaged, according to Cliff Ellis, and a good time is promised to all attending.

### SUMMIT SCENE

by FRAN COUILLARD  
We relax from our Donner

Trail Memorial Race duties as the mountain folk honor one another with parties and strive to keep their guests entertained. One

bang up shindig was for Bud Horak of Donner Lake Lodge, celebrating the momentous day when he first saw the light of day; birthday cakes and the works.

Brant and Doris Chaplin of Soda Springs Hotel followed thru on the hotel's tradition of entertaining mountain young folks and their mamas on Easter morning at a sumptuous breakfast where tables decorated with spring blossoms and Easter egg baskets made faces at the lowering skies that prevailed on Easter. Thirty scrubbed, shining faces beaming over new Easter outfits crowded themselves between mamams and filled their tummies on scrambled

eggs and bacon whilst they wistfully eyed the candy filled baskets that were verboten until they had finished breakfast. High chairs were in demand as Sally Horak, David Merrill and such small fry had to be elevated to see over the table's edge. After breakfast came the Easter egg hunt within the confines of the hotel, with eggs hidden wherever the bunny could find a place. The prizes: live rabbits. Afterwards came the annual Easter ski race on the hill which always follows the traditional brunch. Understand Ronnie Olsen came in first on this event.

This past week we attended the state chamber of commerce regional meeting in Sacramento. We learned that the opening of the old Emigrant Route, on which many of us have labored long for a horse and hike trail, the 60 miles between Donner Monument and Chicago Park, was in a class by itself with a bill for same including the eminent domain rights and possible inclusion in the state park system, our project has a certain priority. Bert Wiley of the state beach and park commission will be in this area in the near future to explain the situation further. Full credit is given to Senator Johnson and Assemblyman Lindsay for their rewriting of the bill that gives the area such priority.

Full moon night skiing at the Soda Springs Ski Hill last week for the many college people who spent their Easter vacation in the area was followed by movies and a buffet at Donner Summit Lodge.

Ernie Nordstrom takes off on his annual snow surveying trip. Barbara Zorich loads up her station wagon with baby sitter and

baby paraphernalia and takes off with Debby for Plymouth to visit her folks. Doris Chaplin returns home from a Sacramento hospital where she had been abed for a week to recuperate from her recent flu germ. Housekeepingitis is definitely in the air as the lodges get ready for spring cleaning; Soda Springs Hotel tops 'em all by announcing a complete close down for remodeling.

We are informed by the Eugene, Oregon, group that yearly comes to our area to enter the Donner Trail Memorial Race and who usually take home the top prizes, that they too will have a cross country race, the John Craig Memorial, on May 13. The race will run over McKenzie Pass for 20 miles. Our cross country enthusiasts in this area have a gleam in their eyes as they contemplate taking a couple of car loads into the friendly "enemy" territory for competition. I have application blanks for the race and would be happy to pass them out for Oregonians have been most cooperative in establishing the DTMR.

We took off for church on Easter so we missed some of the Easter Parade antics on the hill. We returned in time to see the remains of various costumes. The best of these, we believe, were contributed by Maria and Jack Patten, especially Jack's Easter wig made of yellow rug yarn. Maria's "tights," grey heavy longies, were most effective. Easter hats were paraded by the former Mary Lou Troil (don't know her married name), a great big Easter egg filled with baby chicks; Jean Buek made her contribution with a modernistic model; Helen Hogle, Barbara Zorich, George Kovell all had on Easter bonnets. Milton Hogle's hat, on which perched a disgruntled baby chick, was nicknamed the "smoo". Understand next year a trophy will be given for the best Easter bonnet on the hills.

Our Dick Buek! In his recent participation Dick has made the U. S. Olympic ski team. We congratulate Carl Buek and the rest of the skiing Bueks who have made it for possible for Dick to secure this great honor, the only Olympic ski contender we will have in the realm west of the Rockies. Carl, Dick's father, carries his son's medals so that all may feast their eyes on them. "Busted up" as he was last year in his competition, we think Dick must be terrific to tackle the program he has participated in this year and come through on top. Good luck to Dick, and we await his return for the Sugar

Bowl's Silver Belt race so that we can give him the rousing homecoming his perseverance deserves.

### How To Check Lubricant Level in Your Differential

Here's an easy way to check the lubricant in your differential. It works as shown in the diagram below.

The easiest way we know of keeping those spiral bevel and hypoid gears in good condition is to use RPM Multi-Service Gear Lubricant.

It keeps a tough, protective film on gear teeth. Contains an anti-foaming agent that controls leakage due to product

expansion. RPM Multi-Service Gear Lubricant won't corrode metal, resists oxidation; stands up under extreme pressures. Call us about it. We'll fill your order fast; for service is the keynote of our local business.

# DIAMOND JUBILEE OF TELEPHONE BEING OBSERVED

The 75th anniversary of the invention of the telephone is being observed this month throughout the Bell System. It was on the evening of March 10, 1876 that Alexander Graham Bell first transmitted speech by wire.

In recounting this historic event, A. P. Leitch, manager of the telephone company here, said:

"In a top floor bedroom in a boarding house in Boston Bell was talking on a new liquid telephone transmitter. It was connected by wire to a receiver in another room down the hall. At the receiver end was Thomas Watson, Bell's assistant. While Bell had earlier proved that speech sounds could be transmitted electrically, his first telephone had not been able to carry an intelligible sentence. Suddenly Bell overturned a battery, spilling acid on his clothes.

Impulsively he called out, "Mr. Watson, come here. I want you." Watson dashed in saying, "Mr. Bell, I heard every word you said distinctly."

The 542 telephones in service in Truckee, the manager continued, is living proof of the usefulness of this new means of communication that Bell gave the world.

Within the short span of only two years after its invention, telephone exchanges with switchboards for interconnecting telephones were in two cities separated by a continent. The first, founded in New Haven, Conn., on January 28, 1878, led by only 20 days the establishment of the second in San Francisco.

In the early 1920's so many telephone operators were needed to handle the ever increasing traffic it was obvious that there soon would not be enough qualified women to operate switchboards so dial equipment was introduced. Yet there are far more operators now than in 1922.

Today more than 150 million miles of telephone wire link 43 million American telephones with each other and with 23 million more in other parts of the world. Americans talk by telephone an average of 175 million times each day.

During the last five years the Bell System added more telephones to its network than it did in its entire first half century. To expand service in this way the Bell System spent during the last five years almost \$5½ billion for telephone plant construction. On the Pacific Coast about \$900 million has been spent for new plant since the war. Most of this money has come from the savings of thousands of people who invested in Bell System securities, making possible this vast expansion and improvement of service, Leitch concluded.

## BEAVERS PLANNING PROGRAMS FOR FIRE PREVENTION

TAHOE CITY—Clarence Beavers, fire control officer for the Lake Tahoe area, announces the starting April 1 he will initiate an educational program for residents of the district dealing with all phases of fire control and prevention, as well as other problems of general interest pertaining to forests and wild life of the area. He plans a series of lectures, radio broadcasts and round table discussions and will be available to service clubs or other groups who have problems of this nature to discuss. Dates for his series of talks will be announced later. Beavers advises those having burning to do to start at this time as burning permits will be required after April 15 in this region. He plans to concentrate his efforts this year upon the cleaning up of debris which might endanger the safety of this area and will insist upon rigid observance of fire rules and regulations.

## Lake Level, Weather Are Reported

## When do we Eat?

That's always a good question when you're traveling. Too often, the answer is less definite than your appetite. But when you travel on one of S.P.'s great new trains. Then you eat when you want, what you want. A fine restaurant travels right with you. Eating on the train is half the fun of traveling. S.P.'s great streamlined fleet, shown below, adds popularly priced meals to economy Chair Car accommodations, giving a well-rounded travel bargain.

Chair Cars on Southern Pacific's modern streamliners have been built with your comfort the first consideration. Dust-free, draft-free air-conditioning. No-glare fluorescent lighting. Soft-as-a-cloud foam-rubber seats. Lots of leg room and move-around room. Extra large windows. Feather-touch doors. Spacious washrooms.

That's why Chair Cars on S.P. streamliners are the most luxurious form of all low-cost transportation.

## SWANEE'S TAHOE LETTER

Tahoe City, March 26

Dear Tahoeites:

Understand the Easter sunrise services, which I am sorry I missed, were inspiring and beautiful. Although the day was cloudy, I am told the sun rose in a ball of red fire over the Nevada mountains, casting a vivid red glow over the quiet waters of the lake. A Trauffer delivered the brief service and the choir, under Ernest Douglas' direction, rendered appropriate sacred numbers. I am told that 70 or more guests were served breakfast in the Tahoe Community Center hall and all in all it was a lovely and unforgettable occasion.

Little newcomers in our midst are the new daughter of the Bob Starks, 6 pounds 2 ounces Shirley Mae, who arrived at Washoe Medical Center in Reno at 12:14 a. m. on Saturday, March 24 (they have another daughter, 16-months old Darinda) and the wee son of the William Powells of Kings Beach, born at the lake on March 22. He weighed in at 7 pounds and has been named Robert.

Highest commendation is due Tahoe City's volunteer fire department whose chief, Al Henry Jr., was one of the first to arrive in response to a call for help from a resort near Sunnyside. Fourteen-year-old Carolyn Bacon, daughter of Mr. and Mrs. Courtland Bacon of Lafayette, was the victim of a cerebral hemorrhage, according to the doctor who attended her. Almost the entire community, I am told, was on hand to offer whatever aid they could, among the first being Henry, Clarence Beavers, Jay Shontz and others. Artificial respiration, the resuscitator and even adrenalin failed to bring a flicker to her eyelids. The trouble is believed to have been aggravated by an afternoon of skiing. The party she was with was unpacking when the young people playfully engaged in a snow ball fight. Carolyn was not his by any missile but the added exertion is believed to have caused her death. She passed away at 6:30 that evening. Mrs. Bacon was a guest at the resort that night and was joined early the next morning by her husband and son. Coroner Francis West arrived to remove the body to Colfax pending final arrangements.

Met Gertie Landisberg last week in Reno, strolling down Virginia Street munching a big bag of popcorn. She told me their store had been sold and said she and her husband, Sam, who built the market over a period of years, would go back to Sacramento to live. I asked what Sam would do and she said he would go back to peddling with his truck—the way he first got his start at Lake Tahoe. Tahoe wel comes the new owners and wishes them good luck.

Robert E. Shields this week announces that he has severed his connection with the Tahoe Realty Company and will open his own office in town.

Tahoe youngsters who placed over the weekend in ski meets are Rex Donaldson, 2nd in his class in the Walt Disney race Sunday at Sugar Bowl; in the Disney slalom for wee youngsters Binth Rustad placed 3rd and Sandra FFellows took 4th Sunday; Saturday Lewis Fellows won the downhill, slalom and was 1st in the combined.

G. D. Wright of the North Tahoe area and Mildred Katherine Shatto of Oakland chose Tuesday, March 27 as their wedding date. They planned to be married in Carson City and were to be accompanied by Mr. and Mrs. Elston Garrow of Tahoe. The newly weds will make their home at

## New Owners at Market

TAHOE CITY—Extensive improvements and alterations are now under way at Sam's Market in Tahoe City which was recently sold by Mr. and Mrs. Sam Landisberg to Jack Dunne of Marysville and Myrri (Dinty) Moore of Gridley. The new owners have torn down the partition which separated the former lunch room from the general merchandise store and the entire floorspace will be converted into a market.

Featured will be a soda fountain, an eight foot vegetable unit and a meat department. They plan to open their new store in early April, as soon as alterations are completed.

Dunne's wife, Arlene, will continue to teach her classes at Yuba City until her contract expires in June. They have two daughters, Jacqueline, who graduates from Chico State College this year, and Patricia, a senior at St. Mary's Hospital in San Francisco.

Mr. and Mrs. Moore have already moved to Tahoe and are occupying the Bernard home in Lake Forest. They have a son, Gregory, three, and an older son, Robert, married just a month ago and residing at Gridley.

## Scholastic Ski Meet Set

TAHOE CITY—Kjell Rustad of Granlibakken Resort reports that the annual giant slalom and ski jumping meet for pupils of the Tahoe-Truckee Unified School District will be held on April 17 at Granlibakken, providing snow conditions are satisfactory.

Lake Tahoe is America's largest lake at an elevation of more than 6,000 feet above sea level.

Lake Tahoe. Good luck, good health and happy landings to you all, as ever, Swanee.

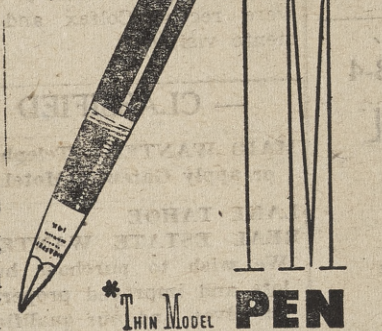

## Visit Lake—

Mr. and Mrs. William Haste of Gardena and their guest, Howard Roach of Presque Isle, Maine, visited the formers' property near Tahoma this week and plan to return shortly for the season.

## How to make good telephone service even better...

**A tip you can give  
 a talkative 'teen ager**

Wonder how many people have been trying to call this telephone since Ann began doing her algebra lesson with a friend who lives just down the block. And, you know, incoming calls are often more important than the ones you make. This is just a suggestion, of course, but if you have a problem like this around your house, you might point out to your particular Ann that if she spaces her calls . . . and talks only as long as really necessary . . . she won't run the risk of missing a date because the boy who was trying to call could get nothing but a busy signal.

**to speed service**

on Long Distance calls, give the operator the information like this: First, the

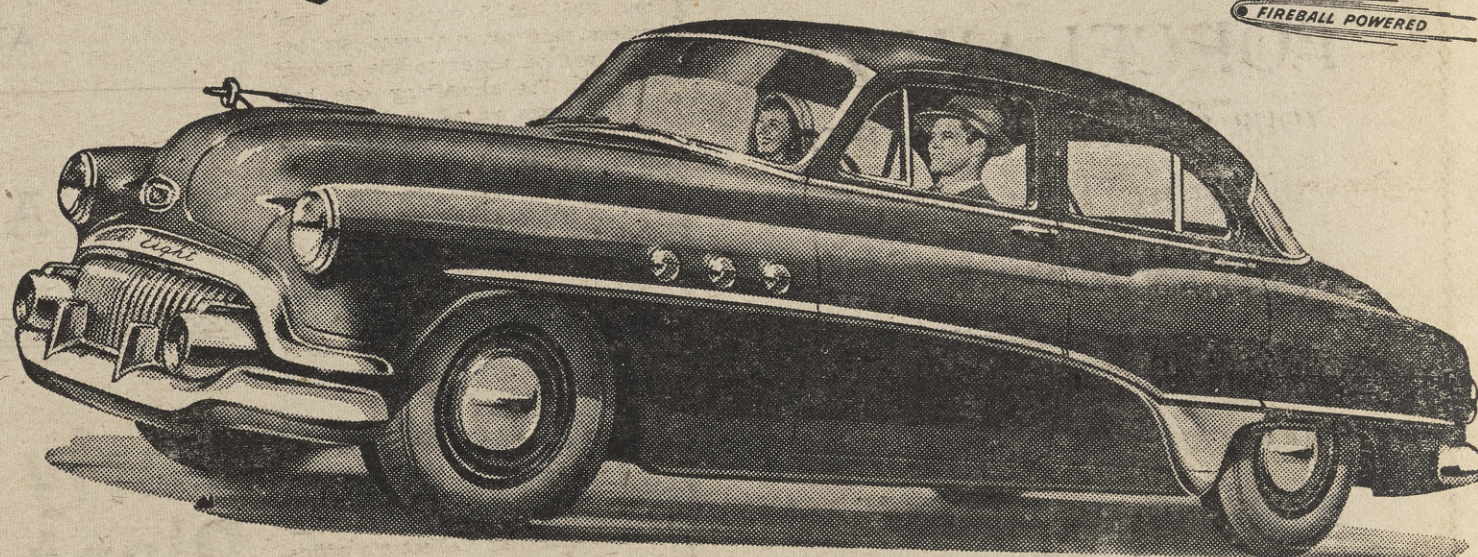

name of the town you're calling. Then the telephone number. (It's a good idea to keep a list of the out-of-town numbers you call.)

Next, if it's a person call, give her the name of the one you want to reach. It will help her complete your call quicker.

Give the operator:  
 1 town you're calling  
 2 number you want  
 3 name (if call is for a specific person)

## Big step up

**that's easy to take!**

**Y**ou have to hand it to Buick engineers. What they've done to this 1951 SPECIAL is nothing short of a minor miracle.

They've stepped up its style with a brand-new body, an eager new thrust-ahead look, a gleaming new push-bar forefront that's as ruggedly protective as it is stunning to see.

They've stepped up the smartness of its interiors with the smartest fabrics that ever graced the interior of this Buick Series.

They've stepped up the safety, by the sharp

new clarity of white-glow instrument markings more easily read at night.

They've stepped up the power to the highest ratings in SPECIAL history—120 horsepower with Synchro-Mesh transmission, 128 with Dynaflo Drive.

They've come up with a car that's new in everything from the ground up—and a price that's the best news of all.

So, if you've been toying with thoughts of buying a lesser car—better come in and see how easy it is to step up to this thrifty marvel.

Equipment, accessories, trim and models are subject to change without notice

**No other car provides all this:**

DYNAFLO DRIVE\* • FIREBALL POWER • 4-WHEEL COIL SPRINGING  
 DUAL VENTILATION • PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE  
 WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING • BODY BY FISHER

Gregory, Stan Gregory, William Englehart Sr., William Englehart Jr., Gene Iardi, Bill Gage, Bob Gifford, Ralph Graham, Everett O'Rourke, E. L. Loynd, Stan Martin, R. N. Little, Ray Scott and Robert Seibold.

### Reciprocal Angling Privileges Proposed

SACRAMENTO —(C. N. S.)— Cooperative exchange or fishing privileges between California and bordering states which would permit sportsmen from Nevada, Arizona and California to fish both sides of waterways which form boundaries of this state is provided in two bills passed by the assembly Monday and sent to the state senate.

The bills would permit fishermen from Arizona to fish both sides of the Colorado River and sportsmen from Nevada to fish both sides of Lake Tahoe and Topaz Lake when licensed in their own state. California fishermen would be permitted to fish on the Arizona and Nevada side when they hold angling licenses issued in California.

**Colfax Visitors—**

### Early Lawn and Plant Feeding Is Best Because

1.  
When Vigoro is applied early, spring rains and thaws drive it right down to the roots where it does the most good.

2.  
Vigoro is easiest to apply before growth starts . . . just put it on! No watering in is necessary.

3.  
Grass starts growth while the ground is still cold, well before weeds become active. Early feeding with Vigoro helps nourish the grass so it can successfully crowd out weeds.

## Tarzan

by EDGAR RICE BURROUGHS

SPARKED BY THE AFFECTION OF MARO, THE SCIENTIST,  
PRINCESS ZARA DECIDED TO HELP THE FUGITIVES  
ESCAPE. BUT AS THE GROUP SELECTED MOUNTS, THE  
STABLE BOY SNEAKED AWAY UNNOTICED!

THEY RODE SWIFTLY TO THE ENTRANCE OF THE CITY.  
"LET US THROUGH!" SHOUTED THE GIRL, "I, YOUR PRINCESS, COMMAND YOU!"

FEARING ZARA'S FIERY TEMPER, THE  
GUARDS HASTILY COMPLIED, BUT A SHORT  
DISTANCE FROM THE GATES, GAZEL  
CRIED IN DISMAY, "LOOK!"

THE KING HAD BEEN WARNED BY THE STABLE BOY! FURIOUS AT  
HIS DAUGHTER'S BETRAYAL, HE SPED SOLDIERS IN PURSUIT!

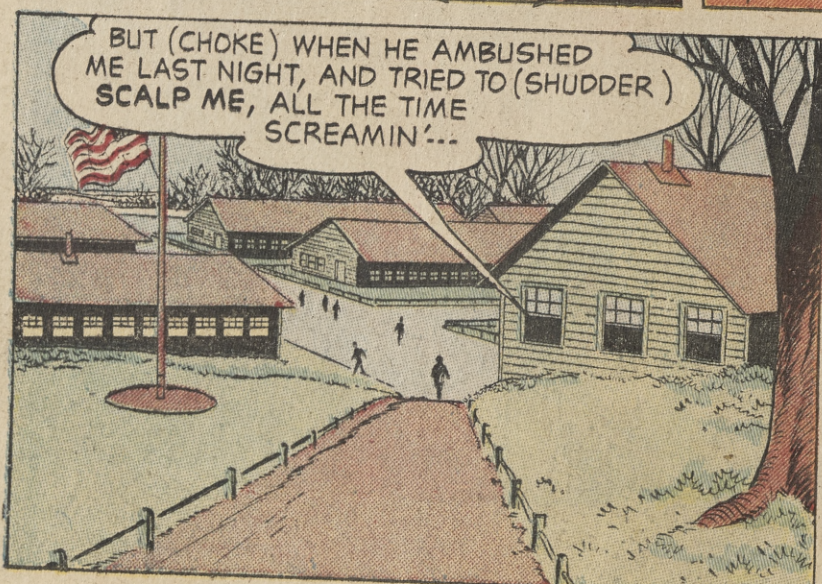

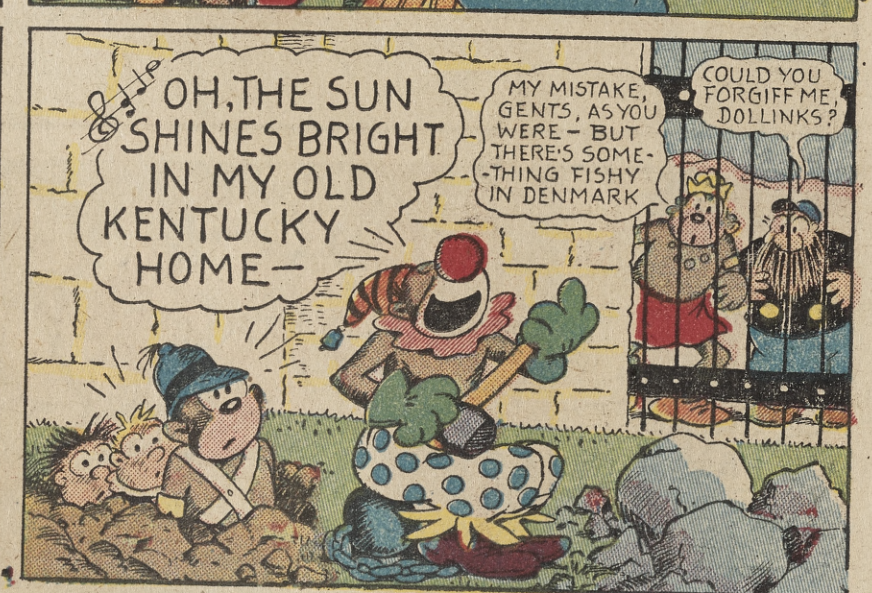

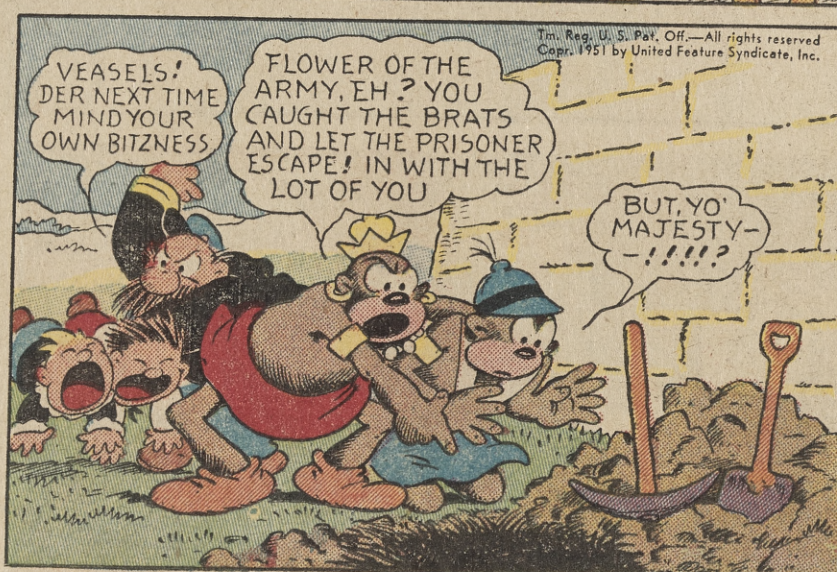

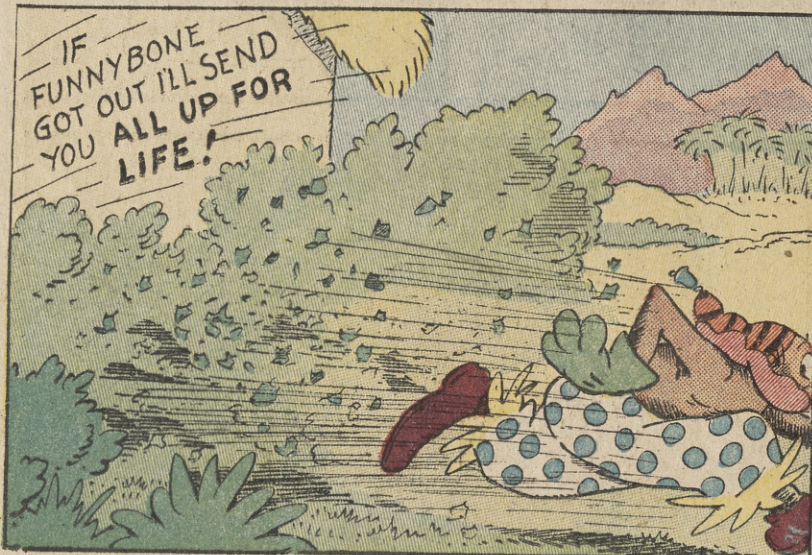

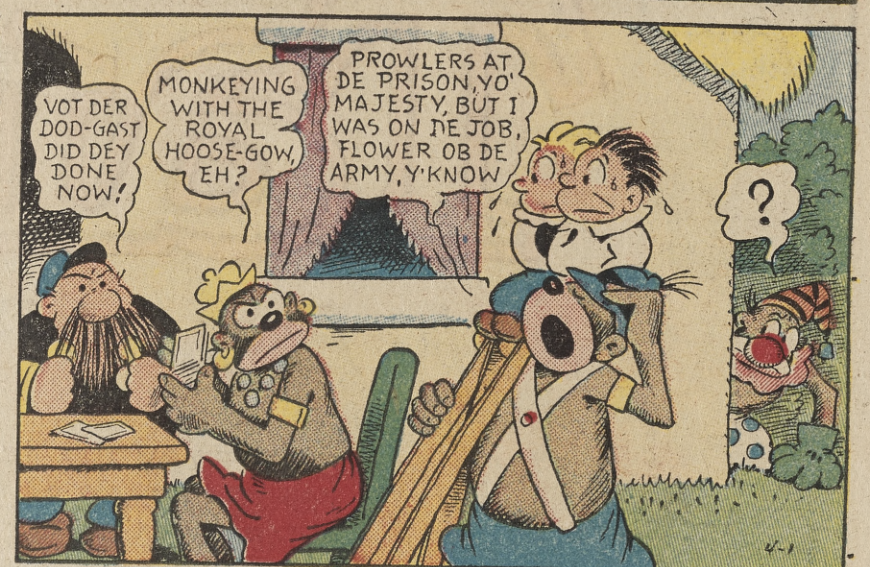

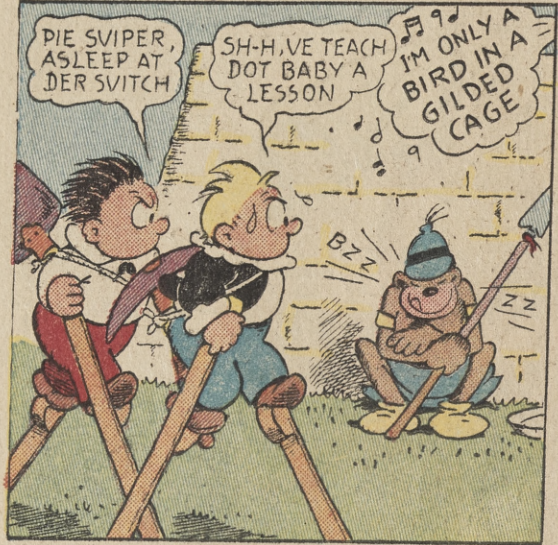

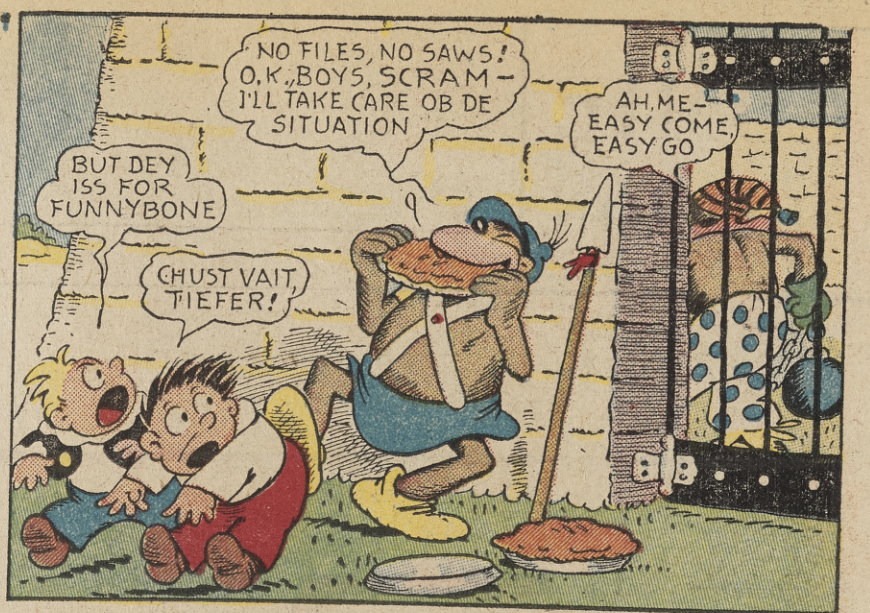

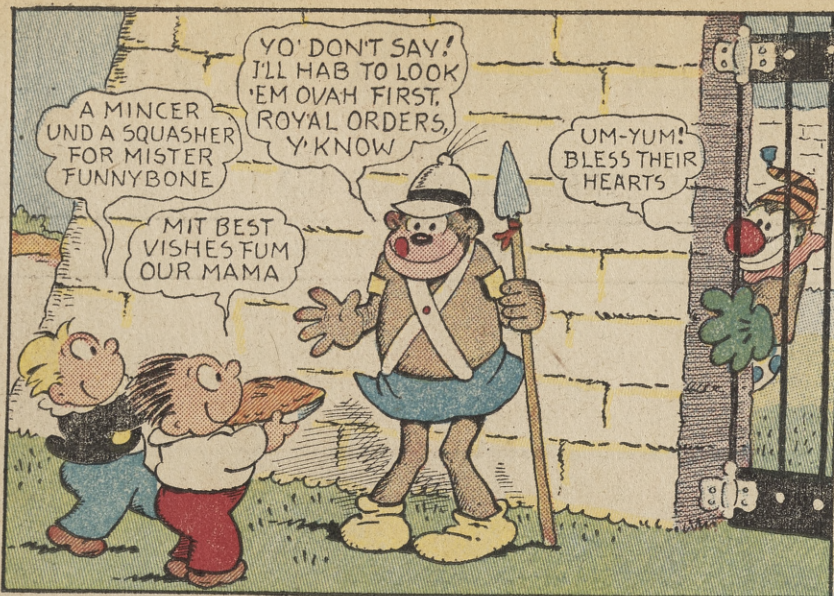

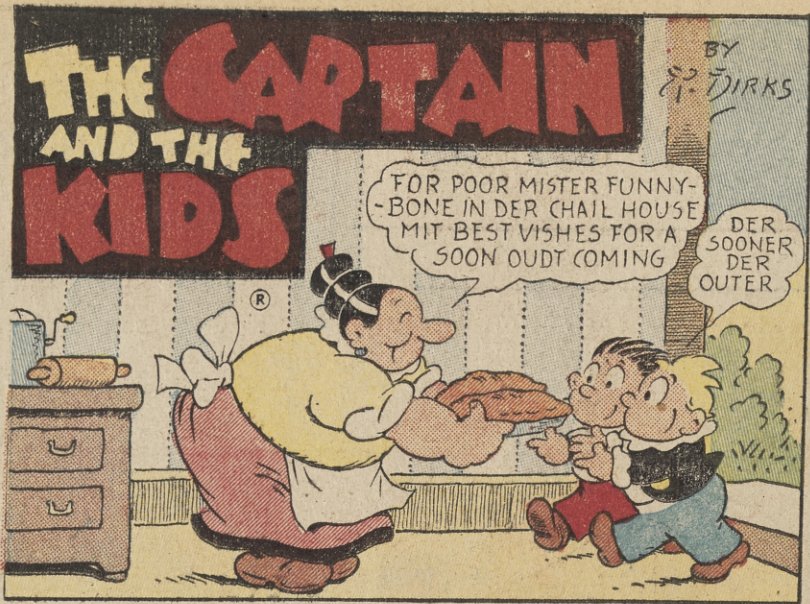

THEN DORAK TOOK  
COMMAND, "I KNOW THE  
TERRAIN--FOLLOW ME!  
WE CAN OUTDISTANCE  
THEM IF WE RIDE  
HARD AND FAST!"

...AFTER HOURS OF ZIGZAG FLIGHT THEY ELUDED THE KING'S SOLDIERS.  
NUMB FROM FATIGUE, THE LITTLE BAND DISMOUNTED TO CAMP FOR THE NIGHT. LATER, WHILE HIS COMPANIONS  
SLEPT, TARZAN WAS PENSIVE. HOW LONG WAS HE TO STAY TEN INCHES TALL? WOULD HE NEVER REGAIN HIS NORMAL SIZE?
